

HOW TO DISPOSE OF DAILY DISPOSABLE CONTACT LENS WASTE

PARTICIPATE IN A RECYCLING PROGRAM^{1, 2}

- Specialist recycling companies, such as TerraCycle, offer schemes to recycle contact lens waste at no cost to lens wearers.

OR...

DROP OFF YOUR WASTE^{1, 2}

- Collect your waste and drop it off in a specialist recycling bin found in participating stores of retailers like Specsavers or Boots.

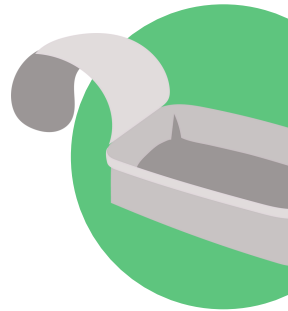

DAILY DISPOSABLE LENSES^{1, 2}

- **Best option:** Drop off collected lenses at a specialist recycling bin.
- **If not accessible:** throw them in the waste bin.
- **IMPORTANT:** Never flush your lenses down the toilet or sink!

EXTERNAL PACKAGING^{1, 2}

- Cardboard packaging can be recycled by municipal household waste management.

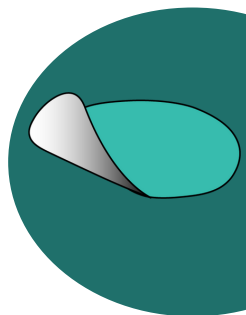

BLISTER TRAYS^{1, 2}

- Ensure they are dry before dropping off.
- **Best option:** Drop off collected blister trays at a specialist recycling bin.
- **If not accessible:** throw them in the waste bin.

FOIL LIDS^{1, 2}

- **Best option:** Drop off collected foil lids at a specialist recycling bin.
- **If not accessible:** throw them in the waste bin.

CHECK LOCAL GUIDELINES FIRST

If your municipality can't process or sort a specific item, please check if a specialist recycling company can handle it.
